**REQUEST FOR ISSUANCE OF A CORRECTED FILING RECEIPT AND
REQUEST FOR RE-CALCULATION OF PATENT TERM ADJUSTMENT**

Sir:

L. Request for Corrected Filing Receipt

Applicants respectfully request issuance of a corrected Filing Receipt in the above-identified patent application.

A. Title:

In the title, kindly delete the word RESPIRATOR and insert the following in place thereof: RESPIRATOR

Attached is a copy of the first page of the PCT pamphlet confirming the correct spelling.

B. Filing Date:

Applicants also believe that the Patent Office awarded an earlier filing date to the application than it should have. The national phase application and related materials were filed on December 8, 2004 (the above-identified patent application is the United States national phase of International Application No. PCT/FR03/01730), but the executed

REQUEST FOR ISSUANCE OF A CORRECTED FILING RECEIPT
AND REQUEST FOR RE-CALCULATION OF PATENT TERM ADJUSTMENT

declaration was filed later, on August 9, 2005. Accordingly, it is believed that the correct filing date (the date on which the requirements under 35 U.S.C. 371(c)(1), (c)(2) and (c)(4) were *all* fulfilled) should be August 9, 2005. Attached are copies of the executed Declaration for Patent Application and postcard acknowledging receipt of same by the U.S. Patent and Trademark Office on August 9, 2005.

If the Patent Office finds that Applicants are correct, kindly delete the 371(c) filing date of December 8, 2004 and insert the following filing date in place thereof:

August 9, 2005

II. Request for Re-Calculation of Patent Term Adjustment

Applicants accordingly request that the Office re-calculate the patent term adjustment as stated in the Determination of Patent Term Adjustment under 35 U.S.C. 154(b)(A) as issued on Form PTOL-85, because Applicants believe that the patent term adjustment is thought to be longer than appropriate. Applicants do, however, point out that the recalculation of the patent term adjustment should also consider any 35 U.S.C. 154(b)(B) delays. *See Wyeth et al. v. Dudas*, 580 F.Supp. 2d 138 (Fed. Cir. 2008).

Applicants state that this paper is not to be considered a Rule 1.312 amendment but is rather an "other paper" required by the Office.

Respectfully submitted,
/Kristin M. Crall 46,895/

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below), or an original, first and joint inventor (if plural names are listed below) of the subject matter which is claimed and for which a patent is sought on the invention entitled:

"Protective equipment for the head, with breathing mask and optical shield"

(Title of the Invention)

the specification of which (check one)

is attached hereto

was filed on June 10, 2003 as U.S. Application Serial Number or PCT

International Application Number PCT/FR03/01730

and was amended

(if applicable)

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to the patentability of this application in accordance with Title 37, Code of Federal Regulations, § 1.56(d).

I hereby claim foreign priority benefits under Title 35, United States Code, § 119 (a) - (d) or § 365(b) of any foreign application(s) for patent or inventor's certificate, or § 365(a) of any PCT international application which designated at least one country other than the United States of America, listed below and have also identified, by checking the box below, any foreign application for patent or inventor's certificate, or of any PCT international application having a filing date before that of the application on which priority is claimed.
